

Introduction to langchain :-

Saturday, January 10, 2026 5:18 PM

- ① UI Template :-
- ② Vector Db/Emb Db :-
- ③ open source LLM: openAI, Gemini etc :-
- ④ tool to deploy :-
- ⑤ tool to Evaluation/Tracking :-

Langchain is an open source framework which allow us to build Gen ai application end to end.

Langchain Ecosystem :-

① LangSmith :-

Evaluation of the model/LLM
Debugging
monitoring via dashboarding

② LangServe :- use this as a space to deploy our Gen ai application.

③ Langchain :- AI Agents

④ Langchain Community :- which LLM will be suitable for my use case
